ARTICLE TWO
2.60% SENIOR NOTES, SERIES DUE MARCH 15, 2022

SECTION 2.01. There shall be a series of Securities designated the “2.60% Senior Notes, Series due March 15, 2022” (the “Notes due 2022”). The Notes due 2022 shall be limited to \$300,000,000 aggregate principal amount except as provided in Section 2.08 hereof.

SECTION 2.02. Except as otherwise provided in Section 2.05 hereof, the principal amount of the Notes due 2022 shall be payable on the stated maturity date of March 15, 2022.

SECTION 2.03. The Notes due 2022 shall be dated their date of authentication as provided in the Indenture and shall bear interest from their date at the rate of 2.60% per annum, payable semi-annually on March 15 and September 15 of each year, commencing March 15, 2017. The Regular Record Dates with respect to such March 15 and September 15 interest payment dates shall be March 1 and September 1, respectively, immediately preceding such interest payment dates. Principal and interest shall be payable to the persons and in the manner provided in Sections 2.4 and 2.12 of the Indenture.

SECTION 2.04. The Notes due 2022 shall be payable at the corporate trust office of the Trustee and at the offices of such paying agents as the Company may appoint by Company Order in the future.

SECTION 2.05. At any time prior to February 15, 2022 (one month prior to the maturity date of the Notes due 2022), the Company may redeem, in whole or in part, the Notes due 2022, at a “make-whole” redemption price equal to the greater of (i) 100% of the principal amount of such Notes due 2022 being redeemed and (ii) the sum of the present values of the remaining scheduled payments of principal and interest on the Notes due 2022 being redeemed that would be due if such Notes due 2022 matured on February 15, 2022 (excluding the portion of any such accrued and unpaid interest to but excluding the date fixed for redemption), discounted to but excluding the date fixed for redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Yield (as defined below) plus 15 basis points, plus, in each case, accrued and unpaid interest thereon to but excluding the date fixed for redemption. At any time on or after February 15, 2022, the Company may redeem, in whole or in part, the Notes due 2022, at 100% of the principal amount being redeemed plus accrued and unpaid interest thereon to but excluding the date fixed for redemption.

“Comparable Treasury Issue” means the U.S. Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the Notes due 2022 being redeemed (assuming, for this purpose, that the Notes due 2022 matured on February 15, 2022) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such Notes due 2022.

“Comparable Treasury Price” means with respect to any redemption date of the Notes due 2022, (i) the average of the Reference Treasury Dealer Quotations for such date fixed for redemption, as determined by the Independent Investment Banker, after excluding the highest and lowest of the Reference Treasury Dealer Quotations for such date fixed for redemption, or (ii) if the Independent Investment Banker obtains fewer than four of such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations.

“Independent Investment Banker” means one of the Reference Treasury Dealers or their respective successors as appointed by the Company or, if such firms or their successors are unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing appointed by the Company.

“Primary Treasury Dealer” means any primary U.S. Government securities dealer in the United States.

“Reference Treasury Dealer” means (i) each of Barclays Capital Inc. or Morgan Stanley & Co. LLC, and a Primary Treasury Dealer selected by MUFG Securities Americas Inc. and any other Primary Treasury Dealer designated by, and not affiliated with, Barclays Capital Inc., Morgan Stanley & Co. LLC or MUFG Securities Americas Inc. and their respective successors, provided, however, that if any of the foregoing or any of their respective designees ceases to be a Primary Treasury Dealer, the Company shall appoint another Primary Treasury Dealer as a substitute and (ii) any other Primary Treasury Dealer selected by the Company after consultation with the Independent Investment Banker.

“Reference Treasury Dealer Quotations” means, for each Reference Treasury Dealer and any date fixed for redemption, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by the Reference Treasury Dealer at 5:00 p.m., Eastern time, on the third business day preceding the date fixed for redemption.

“Treasury Yield” means, with respect to any date fixed for redemption, (i) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated “H.15 (519)” or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded U.S. Treasury securities adjusted to constant maturity under the caption “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the remaining term, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Yield will be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month); or (ii) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such date fixed for redemption. The Treasury Yield will be calculated on the third business day preceding the date fixed for redemption.

The Notes due 2022 shall not be subject to any sinking fund.

The Company may redeem, in whole or in part, the Notes due 2022 without redeeming the Notes due 2026.

SECTION 2.06. The Notes due 2022 shall be issued in fully registered form without coupons in denominations of \$2,000 and integral multiples of \$1,000 thereof.

SECTION 2.07. The Notes due 2022 shall initially be in the form attached as Exhibit A hereto.

SECTION 2.08. The Notes due 2022 may be reopened and additional notes of the Notes due 2022 may be issued in excess of the limitation set forth in Section 2.01, provided that such additional notes will contain the same terms (including the stated maturity date and interest rate) as the other Notes due 2022, except for the price to public and issue date. Any such additional Notes due 2022, together with the other Notes due 2022, shall constitute a single series for purposes of the Indenture and shall have the same CUSIP provided they are fungible for U.S. federal income tax purposes.

On or before 11:30 a.m., New York City time, or such other time as shall be agreed upon between the Trustee and the Depository, of the day on which principal, interest payable at maturity and premium, if any, is due on this Global Security and following receipt of the necessary funds from the Company, the Trustee shall deposit with the Depository the amount equal to the principal, interest payable at maturity and premium, if any, by wire transfer into the account specified by the Depository. As a condition to the payment, on the Maturity Date or upon redemption or acceleration, of any part of the principal and applicable premium of this Global Security, the Depository shall surrender, or cause to be surrendered, this Global Security to the Trustee, whereupon a new Global Security shall be issued to the Depository.

This Global Security is a global security in respect of a duly authorized issue of Senior Notes, Series due March 15, 2022 (the "Notes of this Series," which term includes any Global Securities representing such Notes) of the Company issued and to be issued under an Indenture dated as of December 1, 2000 between the Company and Wells Fargo Bank, National Association, as trustee (herein called the "Trustee," which term includes any successor Trustee under the Indenture) and indentures supplemental thereto (collectively, the "Indenture"). Under the Indenture, one or more series of Securities may be issued and, as used herein, the term "Securities" refers to the Notes of this Series and any other outstanding series of Securities. Reference is hereby made to the Indenture for a more complete statement of the respective rights, limitations of rights, duties and immunities under the Indenture of the Company, the Trustee and the Securityholders and of the terms upon which the Securities are and are to be authenticated and delivered. This Global Security has been issued in respect of the series designated on the first page hereof.

Each Note of this Series shall be dated and issued as of the date of its authentication by the Trustee and shall bear an Original Issue Date or Dates. Each Security or Global Security issued upon transfer, exchange or substitution of such Security or Global Security shall bear the Original Issue Date or Dates of such transferred, exchanged or substituted Security or Global Security, as the case may be.

At any time prior to February 15, 2022 (one month prior to the maturity date of the Notes of this Series), the Company may redeem, in whole or in part, the Notes of this Series, at a “make-whole” redemption price equal to the greater of (i) 100% of the principal amount of such Notes of this Series being redeemed and (ii) the sum of the present values of the remaining scheduled payments of principal and interest on the Notes of this Series being redeemed that would be due if the Notes of this Series matured on February 15, 2022 (excluding the portion of any such accrued and unpaid interest to but excluding the date fixed for redemption), discounted to but excluding the date fixed for redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Yield (as defined below) plus 15 basis points, plus, in each case, accrued and unpaid interest thereon to but excluding the date fixed for redemption. At any time on or after February 15, 2022, the Company may redeem, in whole or in part, the Notes of this Series, at 100% of the principal amount being redeemed plus accrued and unpaid interest thereon to but excluding the date fixed for redemption.

“Comparable Treasury Issue” means the U.S. Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the Notes of this Series being redeemed (assuming, for this purpose, that the Notes of this Series matured on February 15, 2022) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such Notes.

“Comparable Treasury Price” means with respect to any redemption date of the Notes of this Series, (i) the average of the Reference Treasury Dealer Quotations for such date fixed for redemption, as determined by the Independent Investment Banker, after excluding the highest and lowest of the Reference Treasury Dealer Quotations for such date fixed for redemption, or (ii) if the Independent Investment Banker obtains fewer than four of such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations.

“Independent Investment Banker” means one of the Reference Treasury Dealers or their respective successors as appointed by the Company or, if such firms or their successors are unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing appointed by the Company.

“Primary Treasury Dealer” means any primary U.S. Government securities dealer in the United States.

“Reference Treasury Dealer” means (i) each of Barclays Capital Inc. or Morgan Stanley & Co. LLC, and a Primary Treasury Dealer selected by MUFG Securities Americas Inc. and any other Primary Treasury Dealer designated by, and not affiliated with, Barclays Capital Inc., Morgan Stanley & Co. LLC or MUFG Securities Americas Inc. and their respective successors, provided, however, that if any of the foregoing or any of their respective designees ceases to be a Primary Treasury Dealer, the Company shall appoint another Primary Treasury Dealer as a substitute and (ii) any other Primary Treasury Dealer selected by the Company after consultation with the Independent Investment Banker.

“Reference Treasury Dealer Quotations” means, for each Reference Treasury Dealer and any date fixed for redemption, the average, as determined by the Independent Investment

Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by the Reference Treasury Dealer at 5:00 p.m., Eastern time, on the third business day preceding the date fixed for redemption.

“Treasury Yield” means, with respect to any date fixed for redemption, (i) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated “H.15 (519)” or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded U.S. Treasury securities adjusted to constant maturity under the caption “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the remaining term, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Yield will be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month); or (ii) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such date fixed for redemption. The Treasury Yield will be calculated on the third business day preceding the date fixed for redemption.

Notice of redemption will be given by mail to Holders of Notes of this Series not less than 30 or more than 60 days prior to the date fixed for redemption, all as provided in the Indenture. In the event of redemption of this Global Security in part only, a new Global Security or Securities of like tenor and series for the unredeemed portion hereof will be issued in the name of the Securityholder hereof upon the surrender hereof.

Interest payments for this Global Security shall be computed and paid on the basis of a 360-day year of twelve 30-day months. In any case where any Interest Payment Date or date on which the principal of this Global Security is required to be paid is not a Business Day, then payment of principal, premium or interest need not be made on such date but may be made on the next succeeding Business Day with the same force and effect as if made on such Interest Payment Date or date on which the principal of this Global Security is required to be paid and, in the case of timely payment thereof, no interest shall accrue for the period from and after such Interest Payment Date or the date on which the principal of this Global Security is required to be paid.

The Company, at its option, and subject to the terms and conditions provided in the Indenture, will be discharged from any and all obligations in respect of the Securities (except for certain obligations including obligations to register the transfer or exchange of Securities, replace stolen, lost or mutilated Securities, maintain paying agencies and hold monies for payment in trust, all as set forth in the Indenture) if the Company deposits with the Trustee money, U.S. Government Obligations which through the payment of interest thereon and principal thereof in accordance with their terms will provide money, or a combination of money and U.S. Government Obligations, in any event in an amount sufficient, without reinvestment, to pay all

the principal of and any premium and interest on the Securities on the dates such payments are due in accordance with the terms of the Securities.

If an Event of Default shall occur and be continuing, the principal of the Securities may be declared due and payable in the manner and with the effect provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modifications of the rights and obligations of the Company and the rights of the Securityholders under the Indenture at any time by the Company and the Trustee with the consent of the Holders of not less than a majority in principal amount of the outstanding Securities. Any such consent or waiver by the Holder of this Global Security shall be conclusive and binding upon such Holder and upon all future Holders of this Global Security and of any Note issued upon the registration of transfer hereof or in exchange therefor or in lieu thereof whether or not notation of such consent or waiver is made upon the Note.

As set forth in and subject to the provisions of the Indenture, no Holder of any Securities will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder unless such Holder shall have previously given to the Trustee written notice of a continuing Event of Default with respect to such Securities, the Holders of not less than a majority in principal amount of the outstanding Securities affected by such Event of Default shall have made written request and offered reasonable indemnity to the Trustee to institute such proceeding as Trustee and the Trustee shall have failed to institute such proceeding within 60 days; provided, however, that such limitations do not apply to a suit instituted by the Holder hereof for the enforcement of payment of the principal of and any premium or interest on this Note on or after the respective due dates expressed herein.

No reference herein to the Indenture and to provisions of this Global Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Global Security at the times, places and rates and the coin or currency prescribed in the Indenture.

As provided in the Indenture and subject to certain limitations therein set forth, this Global Security may be transferred only as permitted by the legend hereto.

If at any time the Depository for this Global Security notifies the Company that it is unwilling or unable to continue as Depository for this Global Security or if at any time the Depository for this Global Security shall no longer be eligible or in good standing under the Securities Exchange Act of 1934, as amended, or other applicable statute or regulation, the Company shall appoint a successor Depository with respect to this Global Security. If a successor Depository for this Global Security is not appointed by the Company within 90 days after the Company receives such notice or becomes aware of such ineligibility, the Company's election to issue this Note in global form shall no longer be effective with respect to this Global Security and the Company will execute, and the Trustee, upon receipt of a Company Order for the authentication and delivery of individual Notes of this Series in exchange for this Global Security, will authenticate and deliver individual Notes of this Series of like tenor and terms in definitive form in an aggregate principal amount equal to the principal amount of this Global Security.

The Company may at any time and in its sole discretion determine that all Notes of this Series (but not less than all) issued or issuable in the form of one or more Global Securities shall no longer be represented by such Global Security or Securities. In such event, the Company shall execute, and the Trustee, upon receipt of a Company Order for the authentication and delivery of individual Notes of this Series in exchange for such Global Security, shall authenticate and deliver, individual Notes of this Series of like tenor and terms in definitive form in an aggregate principal amount equal to the principal amount of such Global Security or Securities in exchange for such Global Security or Securities.

Under certain circumstances specified in the Indenture, the Depository may be required to surrender any two or more Global Securities which have identical terms (but which may have differing Original Issue Dates) to the Trustee, and the Company shall execute and the Trustee shall authenticate and deliver to, or at the direction of, the Depository a Global Security in principal amount equal to the aggregate principal amount of, and with all terms identical to, the Global Securities surrendered thereto and that shall indicate all Original Issue Dates and the principal amount applicable to each such Original Issue Date.

The Indenture and the Securities shall be governed by, and construed in accordance with, the laws of the State of Minnesota.

Unless the certificate of authentication hereon has been executed by the Trustee, directly or through an Authenticating Agent by manual signature of an authorized officer, this Global Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

All terms used in this Global Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise indicated herein.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

At any time on or after June 1, 2026, the Company may redeem, in whole or in part, the Notes of this Series, at 100% of the principal amount being redeemed plus accrued and unpaid interest thereon to but excluding the date fixed for redemption.

“Reference Treasury Dealer Quotations” means, for each Reference Treasury Dealer and any date fixed for redemption, the average, as determined by the Independent Investment
